

Barrow County School System

Boldly Committed to Student Success

Barrow County is **Building Our Learning Differently** With **Academic Parent Teacher Teams**

What is APTT?

It is a classroom-based, teacher-led, data driven family engagement model. Parents learn about crucial grade-level skills, their child's performance, and how to support at-home learning.

It is expected that 100% of elementary school parents will attend the three Team Meetings.

Scroll down for meeting dates and times.
