

Get Help Quitting Tobacco & Save \$\$

No matter which plan you choose in 2018, you can get help quitting tobacco. When you sign up for the quit tobacco program with Blue Cross Blue Shield, United Healthcare or Kaiser, you'll be able to work toward eliminating your tobacco surcharge and get help putting the money you're spending on tobacco back into your pocket.

Note: Participation in these programs is completely voluntary and confidential

For BCBS & United...

Blue Cross and United members who join the quit tobacco program get access to QuitNet – the world's largest online network of people who have quit or are trying to. You will be able to find a quit buddy, chat in online communities for support and learn strategies for dealing with cravings and avoiding weight gain.

Additionally, you will work with a trained counselor in phone coaching sessions, and get periodic e-mail tips that offer motivation and encouragement. You will also have access to Nicotine Replacement therapy.

To get started, go to: www.bewellshbp.com or call 1-888-616-6411

For Kaiser...

To take advantage of Kaiser's prescription and over-the-counter cessation therapies, go to www.my.kp.org/shbp or call 1-855-512-5997

What is tobacco costing you?

Cigarettes

1 Pack per Week
\$330/yr

1 Pack per Day
\$2,330/yr
