Boldly Committed to Student Success

Resolution Process for Parents, Students, Teachers and Community Members

The Barrow County Board of Education welcomes community input when it is motivated by a sincere desire to improve the quality of our educational programs or to equip the schools to do their tasks more efficiently.

The Board has confidence in the professional staff and desires to support their actions. This regulation does not supersede any employee's or citizen's right to contact Board members directly. However, whenever a concern is expressed directly to the Board as a whole or to a Board member as an individual, it will be referred to the administration for study and resolution.
