Parental Right to Choice

Under the Georgia Special Needs Scholarship (GSNS) law passed in 2007 (O.C.G.A. § 20-2-2113), parent(s)/guardian(s) whose child meets the Georgia Special Needs Scholarship eligibility criteria now have the right to request a public school transfer to:

- Another public school within their district of residence; or
- Another public school system outside their district of residence; or
- To one of the three state schools for the blind or deaf (**Only students with the primary exceptionality of visual and/or individuals who are deaf or hard of hearing may request a transfer to a State School**).

The authority to allow or deny transfer requests belongs to a school system. School systems can create their own forms and set deadlines for transfer requests. Parents/guardians must contact a school system directly regarding the process the school system uses for public school transfer requests available through the GSNS Program. A parent can link to any school system from the Georgia Department of Education's home page at <http://www.gadoe.org/External-Affairs-and-Policy/Policy/Pages/Special-Needs-Scholarship-Program.aspx>

This form is provided for parents/guardians whose school system does not provide a form for school choice available through the GSNS Program. It must be completed and sent directly to the school system you want your child to attend. **Do not send it to the Georgia Department of Education.** A parent/guardian should contact a school system's office to find out to whom the form should be sent and any deadlines involved in making the request. Only a school system has the authority to approve or deny a public school transfer request.

A student must have received special education services at some point during the 2017 – 2018 school year through an IEP. TRANSFERS WITHIN A SCHOOL SYSTEM (e.g. transfer from one public school in a county to another in the same county)

A school system reviewing a transfer request must evaluate the request based on availability of space and/or the availability of a special education program at the requested public school that can meet the services outlined in a student's IEP. If there is no space available and/or if the public school requested by a parent/guardian cannot provide the special education services outlined in a student's IEP, then the school system can deny the transfer request.

TRANSFERS OUTSIDE OF A SCHOOL SYSTEM (e.g. transfer from a public school in Cobb County to a public school in Cherokee County)

A school system reviewing a transfer request to its school system from another school system can deny a request for any reason even if there is space and the availability of a special education program at a requested public school. **Note:** It is allowable for a school system to have a policy not to accept students that reside outside of the school system.

If a school system approves an out of system transfer request, it can charge a parent/guardian for the costs of educating a student; also known as out of district tuition. Funds received through the GSNS Program cannot be used to offset the costs of out of district tuition.

IMPORTANT

If a transfer request is granted by a school system, the student must be allowed to complete all grades at a school. For example, if a student is granted a transfer request to a middle school that serves grades 6 - 8, the transfer request would apply to the student's attendance through grade 8. The parent would need to file another transfer request if the parent wished to send the student to a different high school.
